

## Limited Availability Income Offering

Don't miss this **LIMITED AVAILABILITY INCOME OFFERING** up to the **8<sup>th</sup> July 2011**

PCP encourage all of our business partners to take advantage of this **RARE, LOW RISK HIGH INCOME** Note linked to the **S&P 500, FTSE 100 and EuroStoxx 50 Indices**. Offered by **Morgan Stanley** and available in GBP, EUR or USD up to the **8th July 2011**.

It features a **5 year** maturity with full return of capital, based on the level of the **3** indices at maturity, with **2** options.

### The investors perspective on the more defensive option:

The three indices start point for this investment, are set on the launch date, **EACH QUARTER A COUPON IS PAID** as long as the indices have not fallen by more than **40%**.

If there is a fall of more than **40%** the quarterly coupon is not paid and the investment re-sets at that point. However to see that type of level of fall, we would need to experience a serious financial downturn.

Even with the last few years we have experienced, this investment would still have returned coupon payments in almost every quarter.
